We recommend the following for exhibition purposes, and have a very fine strain of all of them. Carl G. Dahl, Frieda George, Glamour, Hillside Gold, Julius Bunge, Mary Taylor, Oakleigh Monarch, The Governor.

We have the finest roots of Lord of Autumn that we have ever grown. Place your order early and we will reserve them for you.

Walter Bissell, Austinburg, Ohio.

PLEASE NOTE

It is with deep regret that we tell our many friends, who have purchased dahlia plants from us in the past, that we find it necessary to discontinue the sale of plants.

OUR 1941 INTRODUCTIONS

HONOR ROLL AND CERTIFICATE OF MERIT DAHLIAS.

No. 272 - HILLSIDE JOY - semi-cactus, color apricot shading to solid gold at the center, ivory reverse. Size, without forcing, 9 by 4 inches. It is a very prolific bloomer and a good cut flower. The stems are long, straight and stiff. Hillside Joy received two Certificates of Merit, one from Fairmont and one from East Lansing, scoring 85 at both places. Hillside Joy was produced from the same seed parent as Hillside Gold, and we predict that it will be as popular in the semi-cactus class as Hillside Gold has been in the cactus class. You will find this dahlia pictured in the December 'Flower Grower'.  
Strong propagating divisions - \$6.65 - three for \$15.00.

No. 267 - HILLSIDE BEAUTY - incurved cactus, color rose doree with ochraceous orange at base of petal. It has a dark gold sheen on the face and purplish veining on the reverse. The petals twist and curl showing this reverse on the tips of the petals. Average size of bloom is 7 by 4. It made a Certificate of Merit at Storrs, the only trial grounds at which it was entered, scoring 85. We are proud to offer these two dahlias and feel that they compare very favorably with our former introductions.  
Strong propagating divisions - \$6.65

Our last year's introductions, Eventide and Silver Lady, came through the show season with many blue ribbons to their credit. Eventide made a good showing in the Futurity class.
